

'Call in Friday' feedback from families – October 2023

We welcome your feedback from today's 'Call in Friday', thank you

- Happy to see him enjoy learning
- It's lovely to come in and get a feel for what goes on. It's also special for the children to be so proud of the school and what they do
- Really enjoyed seeing the Year X classroom and spending time with X. It's a nice opportunity to visualise where they sit and observe what they are learning.
- It was so lovely to see year X and meet the teacher.
- It was great seeing the children do some art. XX was delighted to show me around the new classroom.
- Great having the opportunity to come into school and see my children in their classrooms, they get very excited to show me what they're doing. If children are painting would it be possible for them to wear an apron as we've already had to throw one T-shirt away.
- Lovely having the opportunity to see my children in their classrooms and they love showing me what they've been doing.
- I understand the sides behind it, but I have to be honest and say it does put pressure on people who work full time to attend. Along with prayers and parents evening etc. Also with every year having it at the same time does make parking a challenge.
- As usual, thanks for the opportunity to come in and spend time with our children
- It was great! Thank you
- It's so lovely to be welcomed into school to see my children in their class. It brings to life some of the conversations we have at home and provides opportunities to engage in further conversations afterwards. They also enjoy sharing their daily experiences with me and are proud to show off their class and best work on display. I look forward to call in days. Thank you for providing the opportunity.
- We love Call in Friday. It's lovely to see XX in the classroom and speak to the other parents and the teacher.
- It's lovely to see the classroom for the new year and be shown around by our child and see the activities they will and are doing.
- Great choice of activity for parents to work with the children.
- Cave painting was a great activity in Year X for parents to observe/engage with.
- Found it very valuable to see XX in their work environment
- I can never attend call in Friday because it is always on a Friday and I work. My feedback would be that it would be good to occasionally have call in Tuesday or Thursday because I could attend those. Some jobs it is not possible to just go in an hour later and make up the time, so for those parents and children call in Friday is just not a thing. Thanks
- It was lovely to be inside the school looking at the children's work on the walls and seeing them in action working hard.
- Call in for days a great way to stay in touch with parents and see your child's work. Daddy loves it more than mummy as I am always there, happy weekend
- It was great seeing him enjoy his lesson
- It was lovely to see children enjoy the dance lesson.

- Thoroughly enjoyed it! Lovely to see the children happy and enjoying their morning
- Always enjoyable to see XX and the activities he does in school!
- Call in Fridays are such a wonderful idea. I love going in to see their work and also kids feel so proud to show parents what they are doing!
- It was great! Thank you
- I love the call-in sessions. It's lovely to see XX so happy and settled in her class and to see all of their achievements put up around the room.
- Thoroughly enjoyed it! Lovely to see the children happy and enjoying their morning. XX was very excited to have the opportunity to share their work - it was lovely to see
- It was so lovely to see XX so happy in the classroom. She showed me around the displays and was very proud of the work. Thank you for inviting us in.
- Lovely dance lesson. Children seemed to really enjoy themselves and so nice seeing them all dancing. Thank you.
- It was a lovely opportunity to see the children in their classroom, proudly showing us parents around. Thank you
- Thank you so much for the invite! It was so lovely to come in and see the girls, they were both incredibly happy and excited to show me all the work they have been doing. I loved the morning and experience. Guilden Sutton primary is always very welcoming and communicative with parents but this morning gave the children a chance to show their environment and favourite aspects.
- It was lovely to see who XX plays with and the work on the walls. Also, was also very excited that I was there.
- Today was very special. Seeing the children counting and the things they have done so far like the portraits etc were lovely. Thank you for allowing us the opportunity to do this.
- It was great to spend some time in the class and see what they get up to. I think this is a really positive thing to do for the children and they all seem to love it.
- Would it be possible to have other days available for this rather than just Friday? We are unable to make Fridays and our daughter was quite upset. Thanks
- Thanks so much for doing this. I think it's a lovely way to get a little peek into their school day. It made me so happy to XX enjoying school so much, knew exactly what to wanted to play with and had a friend to play with.
- Only thing I would mention, I felt sorry for the children's parents who couldn't make it as they looked quite upset when asked to go and find a family member. Perhaps know in advance which children's parents aren't attending so they are put straight with a teacher? A little boy was in the middle crying as he couldn't find his carers.
- Thank you for a wonderful morning, I enjoyed seeing XX in her environment and it was special to show how working on the geometric shapes.
- Thank you so much for such a lovely morning, it was so wonderful to see XX with the class and the wonderful way they learn!
